

CLEANUP

THE SOUTHERN END OF

CAYUGA INLET

Saturday, September 24th at 9AM
Meet at: Wegmans Parking Lot (SW corner)

- ▶ Help preserve this relatively unknown and underappreciated part of our local waterways.
- ▶ Learn more about the wildlife and paddling opportunities there while you help make them better.

Work will be from both shore and boat. Canoes and kayaks (*paddlers must wear life vests*) are welcome or you can lend a hand on shore. A grapnel or two would also be handy. Even more important would be a few pickup trucks willing to haul the trash from collection points to Wegmans.

Wear gloves and bring drinking water!!!

For more information contact:
Dan Karig at dek9@cornell.edu or 277-3380

*Sponsored by the Cayuga Lake Recreation Committee of the
Tompkins County Water Resources Council*
